

LIMITED LIFETIME WARRANTY

Terms and Conditions of Warranty

Carbon Z Rotors are warranted to be free of defects in workmanship, and are guaranteed not to crack for the life of the rotor*. Carbon Z will replace your rotor(s) at no extra charge.

*The life of the rotor is measured by the minimal thickness. Warranty does not apply to worn out rotors.

This warranty applies to the original purchaser only, and that the product was installed in accordance with the manufacturer's recommendations. This warranty does not apply to commercial vehicles or vehicles used in racing.

This warranty does not apply to any product which has been installed improperly or abused, or modified in any way other than the manufacturer's instruction. Carbon Z will not pay for any labor or consequential damages or materials which may be necessary for replacement of its products. The warranty is limited to the exchange of the product only, and only after the manufacturer's inspection of the defect.

Warranty Does Not Cover the Following:

- Brake noise or squealing
- Normal wear of the rotors or pads
- Rust or discoloration of the rotors due to excessive heat

Warranty is Void When:

- New brake pads are not installed
- Vehicle is used for racing, off road or track day events
- Warranty registration is not received within 30 days

No other warranty is hereby given or implied. Carbon Z does not accept or assume liability from damages resulting from errors, changes or improper installation of its products.

-----Refer also to **Packaging Rotors for Return**-----

* Must be received within 30 days of purchase

Packaging Rotors for Return

Rotor Packaging: Most Rotors are shipped 2 per box, in some cases such as with large hubbed truck rotors they will be boxed individually and strapped together. If there is a need to return the rotors due to the wrong application, rotor must be boxed properly so they do not get damaged during shipping. We will not credit rotors that have been damaged due to improper packaging no matter the circumstance of the return.
